The peace and love of God!

After a very long and boring sermon the parishioners filed out of the church saying nothing to the preacher. Towards the end of the line was a thoughtful person who always commented on the sermons. "Pastor, today your sermon reminded me of the peace and love of God!" The pastor was thrilled. "No-one has ever said anything like that about my preaching before. Tell me why." "Well - it reminded me of the Peace of God because it passed all understanding and the Love of God because it endured forever!"

Great Sermon

A woman approached the minister after the sermon, and thanked him for his discourse.

"I found it so helpful," she said.

The minister replied: "I hope it will not prove as helpful as the last sermon you heard me preach."

"Why, what do you mean?" asked the astonished woman.

"Well," said the minister, "that sermon lasted you three months."

MISSION NEWS

Russian Church Liquidated

While the world continues to watch Russia's annexation of Crimea, Ukraine, the country continues putting pressure on evangelical churches there. In recent years, churches have been bulldozed, pastors have been fined, and property confiscated. It's happened again. Project Manager for Russian Ministries Wade Kusack specializes in religious liberty issues in the former Soviet Union. Kusack says the Harvest Church of Saint Petersburg, Russia, is devastated. 'The church was liquidated because the government decided that the church conducted unregistered educational activities.'

Why is registration important in the Russian church? Kusack says, 'In Russia, the church is supposed to have registration. Without registration, no-one has the right to practice their religion. The church was stripped of its legal registration. 'Now church members have no right to call themselves a church..

Please Pray for these Churches and their members.
